“ I first met Beth when she was a ER nurse at Atlanticare City Divison many years ago when I was a EMT in Atlantic City. Beth was a caring and compassionate person throughout her career as a RN. Many memories were made and even if we did not see each other often, when we crossed paths over the years, it was like we had seen each other yesterday. The last time I saw Beth was when I was a patient in Atlanticare Mainland about a year and a half ago. We sat there for quite awhile catching up and talking about the past. Even after all those years being a RN she never lost her compassion and dedication to her profession. Beth you will sadly be missed to everyone lives you came across. Till we meet again. Say hi to Suzanne and Adam. You will be missed.
